

# 3YO GUN

Heavy Duty Performance

TM

*The Planet is asking for it*

**3YOGUN embodies the most sophisticated, and danger-label-free, innovation to catapult your most demanding, large-scale operations into previously inconceivable spheres of performance.**

## Why 3YOGUN?

Because prevention is better than cure!

You can improve the efficiency of your machines with a safe and practical solution that solves problems previously considered unavoidable.

- Laser-Plasma cutting benches
- Protection of large items from welding spatter or corrosion
- Pre-cut sheet metal treatment to avoid burrs and ignition problems

3YOGUN is specially designed and produced to perfectly nebulize 3YO Technology liquids and bring the solution to problems that are currently unsolved

3YOGUN has a practical refillable tank and being activated by a rechargeable battery it avoids annoying power cables and all the problems connected to them.
